(c) Review	
If the President selects a remedial action that results in any hazardous substances, pollutants, or contaminants remaining at the site, the President shall review such remedial action no less often than each 5 years after the initiation of such remedial action to assure that human health and the environment are being protected by the remedial action being implemented.	Appendix L: Installation Narrative Summaries Appendix M: Installation Restoration Program and Military Munitions Response Program Status Tables
In addition, if upon such review it is the judgment of the President that action is appropriate at such site in accordance with section 9604 or 9606 of this title, the President shall take or require such action. The President shall report to the Congress a list of facilities for which such review is required, the results of all such reviews, and any actions taken as a result of such reviews.	

## Executive Order 13423: Strengthening Federal Environmental, Energy, and Transportation Management

Sec. 2. Goals for Agencies	Location in the Defense Environmental Programs Annual Report to Congress
In implementing the policy set forth in section 1 of this order, the head of each agency shall:	Defense Environmental Programs Pollution Prevention Chapter
(a) Improve energy efficiency and reduce greenhouse gas emissions of the agency, through reduction of energy intensity by <ul style="list-style-type: none"> <li data-bbox="264 331 1031 355">(i) 3 percent annually through the end of fiscal year 2015, or</li> <li data-bbox="264 358 1031 407">(ii) 30 percent by the end of fiscal year 2015, relative to the baseline of the agency's energy use in fiscal year 2003;</li> </ul>	Appendix Z: Ozone Depleting Substances
(b) Ensure that <ul style="list-style-type: none"> <li data-bbox="264 443 1010 492">(i) at least half of the statutorily required renewable energy consumed by the agency in a fiscal year comes from new renewable sources, and</li> <li data-bbox="264 495 999 540">(ii) to the extent feasible, the agency implements renewable energy generation projects on agency property for agency use;</li> </ul>	
(c) Beginning in FY 2008, reduce water consumption intensity, relative to the baseline of the agency's water consumption in fiscal year 2007, through life-cycle cost-effective measures by 2 percent annually through the end of fiscal year 2015 or 16 percent by the end of fiscal year 2015;	
(d) Require in agency acquisitions of goods and services <ul style="list-style-type: none"> <li data-bbox="264 670 989 719">(i) use of sustainable environmental practices, including acquisition of biobased, environmentally preferable, energy-efficient, water-efficient, and recycled-content products, and</li> <li data-bbox="264 722 768 743">(ii) use of paper of at least 30 percent post-consumer fiber content;</li> </ul>	Appendix X: Green Procurement
(e) Ensure that the agency <ul style="list-style-type: none"> <li data-bbox="264 784 810 833">(i) reduces the quantity of toxic and hazardous chemicals and materials acquired, used, or disposed of by the agency,</li> <li data-bbox="264 836 695 857">(ii) increases diversion of solid waste as appropriate, and</li> <li data-bbox="264 860 888 881">(iii) maintains costeffective waste prevention and recycling programs in its facilities;</li> </ul>	Appendix W: Solid and Hazardous Waste Appendix Y: Toxics Release Inventory
(f) Ensure that <ul style="list-style-type: none"> <li data-bbox="264 925 1041 995">(i) new construction and major renovation of agency buildings comply with the Guiding Principles for Federal Leadership in High Performance and Sustainable Buildings set forth in the Federal Leadership in High Performance and Sustainable Buildings Memorandum of Understanding (2006), and</li> <li data-bbox="264 998 1041 1047">(ii) 15 percent of the existing Federal capital asset building inventory of the agency as of the end of fiscal year 2015 incorporates the sustainable practices in the Guiding Principles;</li> </ul>	
(g) Ensure that, if the agency operates a fleet of at least 20 motor vehicles, the agency, relative to agency baselines for fiscal year 2005, <ul style="list-style-type: none"> <li data-bbox="264 1112 1024 1161">(i) reduces the fleet's total consumption of petroleum products by 2 percent annually through the end of fiscal year 2015,</li> <li data-bbox="264 1164 1024 1185">(ii) increases the total fuel consumption that is non-petroleum-based by 10 percent annually, and</li> <li data-bbox="264 1188 1024 1237">(iii) uses plugin hybrid (PIH) vehicles when PIH vehicles are commercially available at a cost reasonably comparable, on the basis of life-cycle cost, to non-PIH vehicles; and</li> </ul>	
(h) Ensure that the agency <ul style="list-style-type: none"> <li data-bbox="264 1279 1014 1349">(i) when acquiring an electronic product to meet its requirements, meets at least 95 percent of those requirements with an Electronic Product Environmental Assessment Tool (EPEAT)-registered electronic product, unless there is no EPEAT standard for such product,</li> <li data-bbox="264 1352 800 1373">(ii) enables the Energy Star feature on agency computers and monitors,</li> <li data-bbox="264 1377 1014 1398">(iii) establishes and implements policies to extend the useful life of agency electronic equipment, and</li> <li data-bbox="264 1401 1041 1450">(iv) uses environmentally sound practices with respect to disposition of agency electronic equipment that has reached the end of its useful life.</li> </ul>	Appendix X: Green Procurement

Sec. 3. Duties of Heads of Agencies	Location in the Defense Environmental Programs Annual Report to Congress
<p>In implementing the policy set forth in section 1 of this order, the head of each agency shall:</p>	<p>Defense Environmental Programs Pollution Prevention Chapter</p>
<p>(b) Implement within the agency environmental management systems (EMS) at all appropriate organizational levels to ensure</p> <ul style="list-style-type: none"> <li>(i) use of EMS as the primary management approach for addressing environmental aspects of internal agency operations and activities, including environmental aspects of energy and transportation functions,</li> <li>(ii) establishment of agency objectives and targets to ensure implementation of this order, and</li> <li>(iii) collection, analysis, and reporting of information to measure performance in the implementation of this order;</li> </ul>	<p>Appendix B: Environmental Management Systems</p>
<p>(c) Establish within the agency programs for</p> <ul style="list-style-type: none"> <li>(i) environmental management training,</li> <li>(ii) environmental compliance review and audit, and</li> <li>(iii) leadership awards to recognize outstanding environmental, energy, or transportation management performance in the agency;</li> </ul>	<p>Appendix B: Environmental Management Systems</p>
<p>(d) Within 30 days after the date of this order</p> <ul style="list-style-type: none"> <li>(i) designate a senior civilian officer of the United States, compensated annually in an amount at or above the amount payable at level IV of the Executive Schedule, to be responsible for implementation of this order within the agency,</li> <li>(ii) report such designation to the Director of the Office of Management and Budget and the Chairman of the Council on Environmental Quality, and</li> <li>(iii) assign the designated official the authority and duty to (A) monitor and report to the head of the agency on agency activities to carry out subsections (a) and (b) of this section, and (B) perform such other duties relating to the implementation of this order within the agency as the head of the agency deems appropriate;</li> </ul>	
<p>(e) Ensure that contracts entered into after the date of this order for contractor operation of government-owned facilities or vehicles require the contractor to comply with the provisions of this order with respect to such facilities or vehicles to the same extent as the agency would be required to comply if the agency operated the facilities or vehicles;</p>	
<p>(f) Ensure that agreements, permits, leases, licenses, or other legally-binding obligations between the agency and a tenant or concessionaire entered into after the date of this order require, to the extent the head of the agency determines appropriate, that the tenant or concessionaire take actions relating to matters within the scope of the contract that facilitate the agency's compliance with this order;</p>	
<p>(g) Provide reports on agency implementation of this order to the Chairman of the Council on such schedule and in such format as the Chairman of the Council may require; and</p>	
<p>(h) Provide information and assistance to the Director of the Office of Management and Budget, the Chairman of the Council, and the Federal Environmental Executive.</p>	

## Public Law 107-64, Section 131: Fiscal Year 2002 Military Construction Act

	Location in the Defense Environmental Programs Annual Report to Congress
(a) Requests for funds for environmental restoration at BRAC sites in future fiscal years – In the budget justification materials submitted to Congress in support of the Department of Defense budget for any fiscal year after fiscal year 2002, the amount requested for environmental restoration, waste management, and environmental compliance activities in such fiscal year with respect to military installations approved for closure or realignment under the base closure laws shall accurately reflect the anticipated cost of such activities in such fiscal year.	<ul style="list-style-type: none"> <li>Defense Environmental Programs Defense Environmental Funding Chapter</li> <li>Defense Environmental Programs Restoration Chapter</li> <li>Appendix G: Restoration Budget Overview</li> <li>Appendix L: Installation Narrative Summaries</li> <li>Appendix M: Installation Restoration Program and Military Munitions Response Program Status Tables</li> </ul>

## Public Law 109-364: National Defense Authorization Act for Fiscal Year 2007

Sec. 313. Response plan for remediation of unexploded ordnance, discarded military munitions, and munitions constituents.	Location in the Defense Environmental Programs Annual Report to Congress
<p>(b) Response Plan Required—</p> <p>(1) IN GENERAL—Not later than March 1, 2007, the Secretary of Defense shall submit to the congressional defense committees a comprehensive plan for addressing the remediation of unexploded ordnance, discarded military munitions, and munitions constituents at current and former defense sites (other than operational ranges).</p> <p>(2) CONTENT—The plan required by paragraph (1) shall include—</p> <p>(A) a schedule, including interim goals, for achieving the goals described in paragraphs (1) through (3) of subsection (a), based upon the Munitions Response Site Prioritization Protocol established by the Department of Defense;</p> <p>(B) such interim goals as the Secretary determines feasible for efficiently achieving the goal required under paragraph (4) of such subsection; and</p> <p>(C) an estimate of the funding required to achieve the goals established pursuant to such subsection and the interim goals established pursuant to subparagraphs (A) and (B).</p> <p>(3) UPDATES—Not later than March 15 of 2008, 2009, and 2010, the Secretary shall submit to the congressional defense committees an update of the plan required under paragraph (1). The Secretary may include the update in the report on environmental restoration activities that is submitted to Congress under section 2706(a) of title 10, United States Code, in the year in which that update is required and may include in the update any adjustment to the remediation goals established under subsection (a) that the Secretary determines necessary to respond to unforeseen circumstances.</p>	<p>Appendix K: MMRP Comprehensive Plan Update</p>

## (a) Identification of Disposal Sites—

- (1) HISTORICAL REVIEW—The Secretary of Defense shall conduct a historical review of available records to determine the number, size, and probable locations of sites where the Armed Forces disposed of military munitions in coastal waters. The historical review shall, to the extent possible, identify the types of munitions at individual sites.
- (2) COOPERATION—The Secretary shall request the assistance of the Coast Guard, the National Oceanic and Atmospheric Administration, and other relevant Federal agencies in conducting the review required by this subsection.
- (3) INTERIM REPORTS—The Secretary shall periodically, but no less often than annually, release any new information obtained during the historical review conducted under paragraph (1). The Secretary may withhold from public release the exact nature and locations of munitions the potential unauthorized retrieval of which could pose a significant threat to the national defense or public safety.
- (4) INCLUSION OF INFORMATION IN ANNUAL REPORT ON ENVIRONMENTAL RESTORATION ACTIVITIES—The Secretary shall include the information obtained pursuant to the review conducted under paragraph (1) in the annual report on environmental restoration activities submitted to Congress under section 2706 of title 10, United States Code.
- (5) FINAL REPORT—The Secretary shall complete the historical review required under paragraph (1) and submit a final report on the findings of such review in the annual report on environmental restoration activities submitted to Congress for fiscal year 2009.
