Due to the necessity to adhere to the agenda, attendees are encouraged to ask questions on other than what is presented during the meeting to Environmental Management staff members during the poster board sessions before and after the RAB meeting. Thank you for your cooperation!*

Poster Board Station Topics

Poster Board Stations allow community members the opportunity to view detailed information on ongoing activities related to McClellan's Installation Restoration Program and give a chance to discuss specific questions and answers with McClellan Restoration Team Members on a one-on-one basis. Representatives will be available from **6:00 - 6:30 p.m.** and Again from **9:00 - 9:30 p.m.** We encourage the community to utilize the Poster Board Sessions to get their questions answered.

9:00 p.m. - 9:30 p.m.

U/PDT1-96-PMS

RAB Co-Chair Election

Restoration Advisory Board members will elect a new Community Co-Chair at this RAB meeting. The Co-Chair helps facilitate RAB meetings, participates in the BRAC Cleanup Team (BCT), and coordinates issues as they arise. The Co-Chair serves a one-year term.

Several nominations were received for Community Co-Chair for 1996, all for one person:

Charles Yarbrough.

RAB Membership Recruitment Effort

The McClellan AFB Restoration Advisory Board (RAB) is looking for community members or other interested parties to serve as RAB alternate members. Future vacancies on the RAB will be filled from the pool of alternate members. RAB members provide input on activities that assist in the cleanup of McClellan for reuse by the community. RAB members are expected to serve as a liaison between the community and McClellan AFB and to be available to meet with community members and/or groups.
